Career Objective

Final-year engineering student interested in Software Development and Embedded Systems, seeking opportunities to apply programming, IoT, data analysis, and problem-solving skills in real-world applications.

Education

B.E Electronics and Communication Engineering 2023–2027
Kings College of Engineering, Pudukkottai
CGPA: 8.27

Technical Skills

Programming: C, C++, Python, Java
Database: SQL
Data Analysis: Microsoft Excel
Python Libraries: Pandas, NumPy, Matplotlib
Web Technologies: HTML, CSS, JavaScript
Tools: VS Code, Figma

Soft Skills: Team Collaboration
Problem Solving
Technical Documentation
Presentation Skills

Internship

UI/UX Intern – Desflyer Aug 2024 – Sep 2024

- Designed user interfaces and improved user experience using Figma.
- Gained practical knowledge in UI/UX design workflow and prototyping.

Projects

Hospital Management System (Java)

- Designed an application to manage patient records, appointments, and billing operations efficiently.

Supermarket Website (HTML, CSS)

- Developed a responsive supermarket website using HTML and CSS to display products and categories.

Amazon Sales & Order Analysis (Python)

- Analyzed Amazon sales and order data using Python libraries such as Pandas, NumPy, and Matplotlib to identify sales trends and visualize business insights.

Smart Robot Using Blynk IoT

- Developed a smart robot controlled through the Blynk IoT mobile application.

Achievements

- Academic Topper – 3rd Rank among affiliated colleges under Anna University, Chennai (2024).
- Smart India Hackathon (SIH) – Built a near-complete Blockchain-Based Blue Carbon Registry and MRV System for secure carbon credit tracking.
- TNWISE 2026 – Developed Smart Blood Pressure Monitoring and Alert System integrating hardware sensors with software, organised by TANCAM.

Certifications

- C, C++, Python with Data Science & Java – Code Galatta (Feb 2024).
- C for Beginners – Great Learning (Apr 2024).
- Microsoft Word Tutorial – Great Learning (Aug 2024).
- Website UI/UX Designing using ChatGPT – Simplilearn SkillUp (Aug 2024).
- Sensor & IoT for Smart System – Armada Industrial Automation (Jul–Nov 2025).
